A Letter from Our Chairman and President

One of the keywords of our time is "change". Change surrounds us daily. Change is brought on by advances in science and technology and it also occurs as our community continues to evolve.

The Foundation certainly has not been insulated from change this past year. Since our last Annual Report was published, we have experienced a good amount of change.

Last year, we reported that our investment returns were negatively impacted by the financial meltdown in global financial markets. The year 2009 saw a partial recovery from a dismal 2008. Total net return on our investments for 2009 was 19.4%. Results thus far in 2010 are not as positive, with total net returns through the first six months of the year at (2.1%).

In 2009, our charitable payout policy allowed us to continue our strong support for community needs. In total, $5,516,741 million was distributed during the year via Stark Community Foundation to meet those needs.

At the end of 2009, James A. Bower stepped away from his leadership position at the Foundation after a 21 year career. His leadership positioned us for continued success as your community foundation. We thank Jim for his many years of conscientious service to the citizens of Stark County.

I am pleased and honored to have been chosen to continue the tradition of community minded leadership at the Foundation. While the learning curve has been steep, I'm indebted to the Distribution Committee, staff, fellow foundation leaders, and community leaders for the assistance they have provided during my transition.

Although change is inevitable, you can also be assured that the core principles of the Foundation will not change. We continue to implement our strategic plan to strengthen our neighborhoods, support community economic development and focus on helping our community meet its basic need for food, housing, child care and medical care. We will do this while recognizing our important responsibility as the steward of monies granted to us by current and past generations of civic minded citizens.

On behalf of our Board of Directors and Distribution Committee, we will diligently continue our work to assist our donors to realize their philanthropic dreams and to meet the needs of the citizens of Stark County.

STARK COUNTY HUNGER TASK FORCE

BASIC NEEDS RESPONSE

Stark Community Foundation responded to Stark County Hunger Task Force's need for a freezer with grant dollars totaling $11,200.

ERIC SMER, EXECUTIVE DIRECTOR: "The Stark County Hunger Task Force has been around since 1981 and the programs that we offer are primarily geared toward the food pantry and emergency food assistance services. We started with three food pantries that fed just a few thousand people each and every month. Now we have 27 pantries that feed 15,000 to 18,000 people all across Stark County.

"The donations that we received from Stark Community Foundation this past year was by all means the most generous and one-of-a-kind donations we've received in quite a while. It allowed us to purchase a walk-in cooler freezer. That freezer and cooler now allow us to do things we've never been able to do before. Since 1981, we've been a non-perishable, canned goods-dried goods organization. Now with the cooler freezer, we are able to add fresh fruits, fresh vegetables and frozen meats. All staple items that are part of any well balanced diet that we have yet to have the means to provide. We're able to lower our operating cost while still providing and meeting the increase in demand we have seen over the past couple of years and past couple of months specifically.

"We have a number of stories that we hear on a daily basis. We had a woman come to the food pantry for the first time–she had no idea what we were all about. She had never been in a position where she had to use our services before. Until one day she got the notice that she was being laid-off. She came in; we explained how we operate and what we do. We sat down with her and showed her all of the options, all of the services that she has available to her. She didn't think she qualified and we do use income as a determining factor, but it's not the same income standards that other organizations use. Once we sat down and evaluated her income and a few other things we were able to give her and her family food assistance for the first time. Since then, she has been back to a number of our different pantries in her area. She is just one of a few who are new to this unfortunate circumstance that our county faces-but she's not alone."

YWCA
NEW BEGINNINGS SHELTER

BASIC NEEDS RESPONSE

Stark Community Foundation provided grant dollars totaling $8,000 to support homeless moms moving toward self-sufficiency at YWCA's New Beginning's Shelter.

SHELTER CLIENT: "The YWCA has helped me in so many ways. When I first went to the shelter I had no place to stay and my daughter was about five months old and I was unemployed at the time, so I had no income. It provided a safe place for her and I to be so that I could work on the goals of being a single parent and provide for my daughter."

YWCA: "New Beginnings Shelter has been serving Stark County for 17 years. Typically, we serve 83 to 89 people a year depending on the number of children. We help fill a gap by providing housing services, child care services and supportive services while they are in our housing program so that they can work on skills and rules that will hopefully enable them to leave our building better equipped to not be in this situation again."

SHELTER CLIENT: "There aren't a whole lot of other programs or places where we could have gone that I would have been able to afford housing and be able to work and make progress. Right now my income is not high enough that I could survive if I didn't have the help of being here."

YWCA: "We started receiving the donations, and it was at a time when there seemed to be so many things that needed attention and were going wrong. We were wondering how we are going to address all of these issues. When the economy got so bad and people began losing their jobs it was tough to know how we were going to continue with some of the things that we do. When the donations started coming in…I remember saying at a staff meeting this is the thing that is going to pull us through."

WESTERN STARK FREE CLINIC

BASIC NEEDS RESPONSE

Stark Community Foundation responded to Western Stark Free Clinic's increase of patients with grant dollars totaling $23,600.

EXECUTIVE DIRECTOR, GARY FEAGLES: "The Western Stark Free Clinic provides free medical, dental and pharmaceutical services to low-income, uninsured residents of Western Stark County. Western Stark County by our definition is Whipple Avenue west, so a significant area of the county. We are able to do that through the use of volunteer physicians and the support of many local organizations. Since our services are free, there is a cost of providing service in terms of scheduling and operating the pharmacy."

VOLUNTEER PHYSICIAN: My name is John Schuster and I'm a Physician. I've been involved with the Western Stark Free Clinic since April of 2008. I volunteer weekly on Wednesday's. People that don't have health care insurance put off having their health problems investigated and treated. Having medicine here, having the opportunity to get care and testing has allowed some of these people to keep jobs or go back to work when they've lost work."

EXECUTIVE DIRECTOR, GARY FEAGLES: "The donations we received really helped us in terms of maintaining our operations. The key when we are seeing patients is we want to treat them with respect and dignity. Once they come in and get established we want them to be comfortable in our environment."

PATIENT: "The medications that will keep me alive are available to me. I don't have to decide between feeding myself or feeding my daughter who is disabled. I'm a single mom–I don't have insurance, so I'm able to have the proper medications right on time and it doesn't cost me anything. I still can't believe that every time I walk out of here."

EXECUTIVE DIRECTOR, GARY FEAGLES: "It's those types of situations that we are able to address with the help of Stark Community Foundation and its very generous donors."
